

## Job opportunity

### Student Assistant

(Studentische Aushilfskraft)

JatroSolutions is an internationally operating company dedicated to improving the genetics and the economy of *Jatropha curcas* L. Our focus is the development of superior jatropha and Chuta® cultivars, agricultural consultancy and development of the whole Chuta® value chain. Chuta® is the edible variant of *Jatropha curcas*, which will be brought to the European market by JatroSolutions.

**We are looking for a student assistant for our office located in Plieningen with the following responsibilities:**

- ✦ Processing of Chuta® raw material.
- ✦ Analyse sample material.
- ✦ Update documents.
- ✦ Data collection.
- ✦ Other activities according to your knowledge and skills.

**Applicants should have the following qualifications:**

- ✦ Study program Agricultural Sciences or similar area.
- ✦ Fluent English or German is mandatory in order to communicate with colleagues.
- ✦ Experience in processing seed samples, laboratory work and similar are an advantage.
- ✦ Commitment to continuous learning and self improvement.
- ✦ Commitment to proactive and responsible behavior.

**Advantages of working at JatroSolutions:**

- ✦ You will work within a young and dynamic team.
- ✦ We offer flexible working hours during your examinations period.
- ✦ We pay the standard hourly rate for working students.

If you feel addressed, please send your application as one pdf file (including letter of motivation, CV, certificates, references) **until 28.02.2019** to [office@jatrosolutions.com](mailto:office@jatrosolutions.com).
